Western Pacific Regional Conference 2021 of the Medical Women's International Association

August 20-21, 2021 | Virtual Conference, Seoul, Korea | www.mwia-wprc2021.org

Dear Colleagues,

We are very pleased to invite you to the Western Pacific Regional Conference 2021 of the Medical Women's International Association (MWIA) which will be held virtually from August 20 to 21, 2021.

The theme of the Western Pacific Regional Conference 2021 of the MWIA is "The Role of Medical Women in the Future". The conference aims to encourage important voices and influences on issues of interest to medical women and medical students based on women's health and their future role internationally.

We have prepared some highlighted lectures and speeches for this conference to enable more in-depth learning and discussions around the specific issues faced. The main topics are, "Global Health, Leadership, Gender Equity, Future Healthcare, and Multicultural Society".

We sincerely hope that you will reap all the benefits of the discussions and the sharing of information with outstanding experts. Moreover, you will have an opportunity to learn about new issues along with support platforms for medical women relating to health and well-being-locally, nationally, and globally.

Once again, we invite you to the Western Pacific Regional Conference 2021 and look forward to welcoming you. We are sure that your participation and contributions in the conference will make it a great success and blaze a fresh trail for medical women in the future.

Thank you.
